

With Pellini Top the dream comes true, wherever you are

The *particular and unmistakable* 100% pure Arabic blend is now available in pods and capsules for the espresso machine, for unrenounceable moments of pure wellness at work and at home.

With **Pellini Top** the coffee moment is of pure and dreamed wellness. Now, following a large demand, the 100% pure Arabic blend, best known as *particular and unmistakable*, will be able to **multiply the pleasure of senses everywhere**: at home, at the café, at the office, in a shop. Thanks to the broadened offer, **Pellini Top pods** will offer to all lovers of superior quality what they really expect: what they really need to transform a simple break into an authentic and regenerating experience of wellness which renews itself every time with the very same intensity.

The Verona-based company Pellini Caffè was awarded the **golden medal at the International Coffee testing and is leader in the distribution market for the canned moka sector**. **Pellini Top**, the best product of the company, reinforces even more its presence on the market and confirms its characteristics: a successful coffee because of its intrinsic qualities.

Pellini Top differs in fact from all other coffees because of its soft, delicate and sweeter taste that can be tasted even without sugar. Pellini Top is an extremely fine blend **because it is produced by beans from selected cultivations (only the best, chosen every year)**, it is **delicately toasted and it contains extremely low levels of caffeine (1,3%)**. Moreover, the **continuous controls of a Panel Test of 20 specialist tasters** makes Pellini top a **really unique coffee** with an important certification for the benefit of consumers: the voluntary traceability of the production line UNI 10939.

Pellini Top is available for sale everywhere, in super and hyper-markets in 250g cans moka ground format, or in monouse pods (a package contains 18 pods) for espresso home machines.

From the most advanced Research & Development comes another innovation: **Pellini Top capsules and E-Smart**, the compact espresso machine able to produce high quality coffee. *E-Smart* is available since September through the vending department (vending@pellinicaffe.it) and it is a real technological gem with exceptional performances, adapt for every environment. *E-Smart* is an espresso machine for capsules with an elegant design and a highly sophisticated technology, but really simple and convenient to use: easy to load and with simple controls: indispensable to transform a coffee break into a conscious moment of wellness, a *particular and unmistakable* experience at home and at work.
